sublocade

Subjective

Doing well, on schedule, opioid compliant, no ill effects, no cravings, no relapse, wishes to continue.

Medications

buprenorphine ER 100 mg/0.5 mL solution, exten.rel.subcutaneous syringe, 1 subcutaneously once a month

Narcan 4 mg/actuation nasal spray, 1 spray(s) in each nostril use as directed as needed

Suboxone 8 mg-2 mg sublingual film, 1-3 strip(s) sublingually once a day x7 days

ROBAXIN-750 TABLET, 1 tab(s) orally 2 times a day as needed

ondansetron 8 mg disintegrating tablet, 1 tab(s) sublingually 3 times a day as needed

Levsin 0.125 mg tablet, 1 tab(s) orally 2 times a day as needed

clonidine HCL 0.1 mg tablet, 1/2 - 1 tab(s) orally 2 times a day as needed for withdrawal symptoms

Allergies

No known allergies

Objective

GEN: NAD

RESP: nonlabored breathing, no use of accessory of muscles of respiration

DERM: skin warm and dry

NEURO: AO x 3

PSYCHI: judgment/insight intact, NL mood/affect

Assessment

Opioid dependence (F11.20/304.00) Opioid dependence, uncomplicated (chronic)
modified 4 Aug, 2017

Plan

Opioid dependence

Local subQ infiltration anterior LLQ abdomen of 3ml plain lidocaine 1% then sublocade
100mg injection subQ.

- * Sections or subsections omitted from the full prescribing information are not listed.

ORAL WITH INTERVENOR ADMINISTRATION

ously, SUBLOCADE forms a solid mass upon contact with body fluids and mobile events, including the thrusting put on any embank, if administered

sub from intravenous self-administration, SUBLOCADE is only available in Program. Healthcare settings and pharmacies that order and dispense with the NDA requirements (2.2)

are opioid use disorder in patients who have initiated treatment with a at for a minimum of 7 days.
that includes counseling and psychosocial support.

U.S.C. 803(a), prescription use of this product in the treatment of opioid
qualifying requirements, and who have notified the Secretary of Health
for the treatment of opioid dependence and have been assigned a
prescription.

IT ADMINISTER SUBLOCADE
(see Dosage and Administration (2.6)).

SUBLOCADE

ays between doses.

phine product for use only. Initiate SUBLOCADE treatment only
sub buprenorphine-containing product (see Dosage and Administration

/ needs included with the product (see Dosage and Administration (2.6)).
of Opioid Overdose

nt of opioid overdose with the patient and caregiver. Because patients being
uting them at risk for quick overdose, strongly consider prescribing
h when initiating and renewing treatment with SUBLOCADE. Also consider
cluding children) or old or close contacts at risk for accidental ingestion or

bristled for a known or suspected overdose with buprenorphine itself.
sone may be necessary for the long duration of action of buprenorphine

lozone as permitted by individual state pharmacy dispensing and
rectly from a pharmacist, or as part of a community-based program (see

ating a buprenorphine-containing product, delivering the equivalent of
7 days. Dosing and injection with buprenorphine-containing products
al. One SUBOXONE[®] (buprenorphine and naloxone) 8 mg/2 mg sublingual
LUTEX[®] (buprenorphine 12.5 mg sublingual tablet or one Buprenex[®]
buprenorphine 0.5 mg and naloxone 0.7 mg/1 mg sublingual tablet.

Transition of Patients Established on Long-term Treatment with Transmucosal Buprenorphine Patients established on long-term treatment
with transmucosal buprenorphine (8-32 mg/day) and whose disease symptoms are controlled may be directly transitioned to SUBLOCADE
(see Table 1). All steady-state, buprenorphine plasma concentrations achieved with 100-mg monthly dosing are contained within the range
obtained with transmucosal buprenorphine peak concentrations with SUBLOCADE may be lower, while average and trough concentrations
may be higher. Potential differences in steady state levels need to be taken into consideration when transitioning a patient established on
long-term treatment with transmucosal buprenorphine to SUBLOCADE. Time Interval from Injection (Table 1)

Table 1 Transition of Patients Established on Long-term Treatment with Transmucosal Buprenorphine Whose Disease
Symptoms are Controlled

	8-18 mg/day	300 mg	100 mg*	100 mg
	20-24 mg/day	300 mg	300 mg	100 mg

*For patients still experiencing craving or withdrawal symptoms after the initial 300-mg dose, consider giving 300 mg
as the second dose

2.8 Clinical Supervision

Periodic assessment is necessary to determine effectiveness of the treatment plan and overall patient progress. When evaluating the
patient, examine the injection site for signs of infection or evidence of tampering or attempts to remove the depot.

Due to the chronic nature of opioid use disorder, the need for continuing medication-assisted treatment should be re-evaluated
periodically. There is no maximum recommended duration of maintenance treatment. For some patients, treatment may continue
indefinitely. If considering stopping treatment, the clinical status of the patient should be considered.

If SUBLOCADE is discontinued, its extended-release characteristics should be considered and the patient should be monitored
for several months for signs and symptoms of withdrawal and treated appropriately. After steady-state has been achieved
(4.6 months), patients discontinuing SUBLOCADE may have detectable plasma and urine levels of buprenorphine for twelve months or
longer (see Clinical Pharmacology (12.3)).

2.9 Instructions for Use

IMPORTANT INFORMATION:

- For abdominal subcutaneous injection only. Do not inject intravenously, intramuscularly, or intradermally
(see Warnings and Precautions (5.1, 6.6)).
- To be prepared and administered by a healthcare provider only.
- Please read the instructions carefully before handling the product.
- As a universal precaution, always wear gloves.
- Remove SUBLOCADE from the refrigerator prior to administration. The product requires at least 15 minutes to reach room
temperature. Do not open the foil pouch until the patient has arrived for his or her injection.
- Discard SUBLOCADE if left at room temperature for longer than 7 days.
- Do not attach the needle until time of administration.

STEP 1: GETTING READY

Remove the foil pouch and safety needle from the carton. Open
the pouch and remove the syringe.

Discard the oxygen absorber pack. It is not needed.

Figure 1

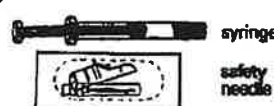

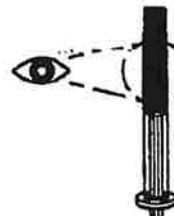

Figure 2

STEP 2: CHECK THE LIQUID CLARITY

Check that the medication does not contain contaminants or
particulates. SUBLOCADE ranges from colorless to yellow to
amber. Variations of color within this range do not affect the
potency of the product.

Particulates and discoloration may indicate that the buprenorphine solution has
particulate matter and discoloration prior to administration,
whenever solution and container permit.

Figure 3

STEP 3: ATTACH THE SAFETY NEEDLE

Remove the cap from the syringe and the safety needle
supplied in the carton from its sterile package. Gently twist the
needle clockwise until it is tight and firmly attached.
Do not remove the plastic cover from the needle.

Dear Sandra Martinson,

I am in receipt of your August 19, 2024 letter - in response to my July 31, 2024 "return" to the Director of Institutions of my original Appeal & Notice (with grievance & Attachments/Exhibits).

Your August 19, 2024 letter was delivered to me in Golf Motel by Stacey Ham (Employee at Goose Creek Correctional Center). Her recent delivery was a stark difference from her last performance in that this time she refrained from uttering a single word at delivery where as previously she was affirmative in her dicta that "they" (which I assume she meant the Director) "want you to file a grievance". As you are clearly aware, by marked exhibits, a grievance was already filed in the matter and denied at the institutional level (exhausted). This is why it was sent to the Director for "over-site" and reconsideration.

Before addressing your recent August 19, 2024 letter, I direct your attention back to your July 29, 2024 letter. In your letter you expressed three distinct actions which were being directed back to employees at GCCC. They were: 1) Investigate; 2) Response; 3) Resolve. To date, and to my knowledge, none of the three directives were completed by actors/employees within the institution, nor have I been provided a copy of any of the three. Also note the further directive by the directors office to the institution to "Notify the directors office of the response...". This was clearly written with the intention, by the directors office to the institution for specific performance, of which has not happened. I have not been contacted by anyone other than your most recent letter. The matter is un-resolved and a very, very, Serious Controversy, filled with many legal and Civil -- implications. Still exists.

I will also note that the "copies" you made of the original full package that was sent to the director, were about 1/3 complete when attached to your August 19, 2024 Letter given to Stacey Ham to hand deliver to me.

Turning to your August 19, 2024 letter. You checked 2 boxes relating to "action" relating to my July 31, 2024 letter which I submitted to the director. The 1st box, which states: "Issue previously addressed in a Classification, Disciplinary or Grievance Appeal forum". This comment denotes, or constructively seeks to establish a false impression that there has been a full exhaustion. What can be factually proved is that DOC, from the bottom of the pond to the top, has acted in bad faith, under the color of authority to violate the constitution(s), civilian due process, policy and procedures, breach of oaths, Criminal Statutes, just to name a few but not to exclude tortious acts.

The evidence, in part, came by way of admissions from Staff/employees - (undisputable).

The Second box checked in your letter "809.04" (...) suggests to read, this is of no significant as it changes nothing. Employees are still liable for what they did to me and the losses I continue to be subjected to. The other policy you mention has

absolutely nothing to do with me. All of what you speak of is automatic when the courts and jury speak. You're going down a slippery road on this one with bald tires.

Finally, you "attempt" another "constructed presumption" (preponderance) of evidence that somehow I was provided due process. In your words, "You were awarded due process, and that appeal was final." First of all, you, nor any State or Doc employees have title to "Award" due process. That is something that is vested in every "Shareholder". Further, you must explain the use of the word "Award" in this context.

Award 1. To give or order to be given as a payment or prize. 2. Grant or Assign. 3. payment, compensation, or a prize awarded. 4. Judicial decision. 5. Donate; confer upon; apportion; trophy, reward, honors; subsidy, grant, bestowal, presentation. Oxford Dictionary - P.51

How, please explain, does any of this fall within your scope? And, if you can show-cause, please give written/certified facts to show that I was the beneficiary of any??

In conclusion, you state, "and that appeal was final". Final "maibē" at a stage below the director, however, the Director has a final say and can order settlement & closure of the matter upon a mediation & terms settlement. The "Director" failure to act will be considered an intent of full and final action, at all levels within his scope. Acquiescence or silence is to be considered acceptance of all allegations herein. "The Director" has (3) days from the receipt of this letter to contact me to discuss the terms of settlement, or the department agrees to forfeit any/all possible defenses.

page 4 of 4

The intent and purpose of this affidavit: Notice is to document the clearly intentional actions by Department of Corrections (DOC) officers to violate trust as it relates to the following subject matter:

Officer - "Someone who holds an office of trust..."

Black's Law Dictionary, p. 915.

Trustee - "Someone who stands in a fiduciary or confidential relationship to another, ... and owes a fiduciary duty to that beneficiary."

Black's Law Dictionary, p. 1287.

On 2/28/24 I was being transferred to Point Mackenzie as part of a transitional re-integration process (work program). This was after being selected and meeting all of the requirements necessary. Probation Officer-(PO) Valvil, after reviewing my prior success in the program, contacted me while in the SMU (intake mod at GCC) and offered me the transfer and I accepted. (Grantor/Grantee → Beneficiary)

Grant - "An agreement that creates a right or interest in favor of a person or that effects a transfer of a right or interest from one person to another."

Black's Law Dictionary, p. 592.

Beneficiary - "Someone who is designated to receive the advantages from an action or change."

Black's Law Dictionary, p. 132.

Upon my arrival at point Mackenzie, I was prompted by DOC officers to provide a urine specimen for urinalysis - (UA)

testing. Prior to providing the sample, I briefed the officers that it was more likely than not that the testing would reveal a positive identification for the substance widely known as "buprenorphine" - (BUP). I explained that I was under a valid and currently subscribed prescription, legally administered by my Health Care Provider in Fairbanks, Alaska, Dr. Paul Finch, PA-C, MPH.

I explained that I started receiving the "BUP" injections in August of 2017 and have continued to receive them as late as March of 2023. I also explained that BUP stays in your system for an extended period of time. I told them that all of this information should be in DOC system since I had previously encountered the same issue while at _____, and had received a write-up which was eventually reduced to an informational. (Should have been fully dismissed)

I told the officers that I had evidence of all of it in my property - (legal paperwork) as well. The officers forced the UA anyways which turned up exactly what I explained to them -- positive for "BUP".

I was re-scanned (x-ray), shackled in wrist and leg irons and hauled back to GCC where I was then thrown into solitary confinement, humiliated and punished for having done nothing wrong. (7 long days)

while in solitary confinement, stripped of what dignity I had left and having lost the benefit

I have also attached a separate affidavit,
See Exhibit/Attachment A-0.4/A-0.5, which supports
and identifies the detailed harm, injuries,
prejudice I have suffered and continue to
suffer at the "hands" of all State actors
to include all ancillary players - Contractors,
employees, agents, etc.

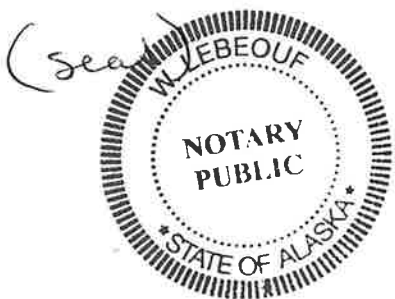

I certify under the threat of perjury.

Notice to Agent is Notice to Principle - Notice to principle is
Notice to Agent.

Affidavit

The Intent and Purpose of this Affidavit is to give my clear declaration of Truth and Fact as to how I have been prejudiced by the Intentional, wrongful acts by the State of Alaska's - Department of Corrections employees and/or contractors, Agents, et. al., as it relates to 24-002 and the ancillary harm besieged upon my being. All details of the intentional, willful, malice actions can be observed in the associated exhibits A, B, C, D.

The emotional, mental, physical, financial -- impact I have suffered is far reaching. The suffering and devastation caused by these individuals is on-going.

- Loss of Liberty and other vested interests.
- Loss of financial opportunities such as employment at Point-Mackenzie work farm -- which would have assisted me in paying the cost for ankle-monitoring, which in turn would have allowed me to be available for other - independant - much higher paying employment opportunities. I also had plans with my son to advance entrepreneurial endeavors.
- Loss of Trust in the justice system as a whole. I cannot rely upon any level of process in Alaska because of the breach of trust & bad faith acts, to include due Process violations, among others.
- I have trouble sleeping, being able to concentrate, anxiety, my health has declined, loss of hope, feelings of despair and so much more.

I have family relations that have been drastically impacted. I am unable to be available for my son in his times of need. I had hopes to re-kindle family

relationships, such as my sister and my ailing mother. My personal relationship has diminished.

As an individual whom is, and has been working hard in recovery and rehabilitation, due to a long history-opioid dependency, I have lost faith in the very foundational promises which are touted by the very people whom have sworn an oath to do no harm and uphold the principles that hold our institutions together, because of the egregious nature of their actions.

I am afraid, all through the day, every day, of what they might do to me next. I fear all of them because under their current process, the fox guards the hen house, meaning that it doesn't matter what a person-(human) seeks as for as redress of grievance, these actors and their superiors do whatever they want, each covering for the other, everyone on the take, no checks and balances - at least that are tangible. There are written rules, policies, chartered prohibitions, none of which are followed. Its the wild west, a complete abuse of discretion under the color of authority. I fear for myself -- my safety & the safety of everyone in captivity.

In conclusion, as can clearly be seen by the extremely voluminous and ever growing evidence, which is also supported by affidavits, clearly there is a major problem that demands over-sight. There must be an immediate investigation and suspension, at least until a full and independent investigation is completed, then a removal of all individuals whom participated in the egregious acts -- in permanency, from their positions of trust and employment. They should never be allowed in any position of authority ever again.

In addition, they shall be held to account & payment in their individual capacities equally, or according to their participation level, to pay-in-full the eventual amount in demand, or proffer, such that will satisfy the judgement or proffer of settlement. This is necessary to neutralize and deter future bad faith behavior.

There shall also be put into written policy, a process of obtaining emergency action, when such an egregious act triggers defined prohibitions.

If the foresaid is not remedied at the Administrative level, I shall seek judicial embrace both at State & Federal levels. If necessary, I shall seek international courts of trade intervention & assurance is given, that full Notice upon the public, through all means, will be warranted.

of the work program and eventual early release, I urged DOC Staff to reconsider their actions, as what they were doing was clearly wrong.

I was charged, an innocent man, as having violated (22 AAC 05.400 (c)(7)). Exh D-7. All of the DOC officers whom participated were on full Notice that their actions were a violation of Trust, and more, however, each refused to mitigate the ongoing injuries which had been intentionally inflicted upon my person with malice and totally unjustified. (person-namen)

It wasn't until after I had made contact with my son and my Doctor, whom telephoned BCCC and sent fax information that after (7) Seven long days of suffering the physical and emotional trauma, that I was finally released out of solitary confinement and shuffled into general population (G.P.) where I have remained up to this point.

The inflictions did Not stop upon my placement into G.P. I was placed at G-(Gold) mod housing unit where I have been struggling day-after-day trying to seek redress of grievance. The following time-line and associated actions are provided in Abstract form, and are supported by exhibited evidence, proving beyond a shadow of a doubt, clear and convincing, the facts upon which my claims exist and cannot be disclaimed or rebutted by fictionist construction.

I Certify under the threat of perjury, The information herein is true and correct to the Best of this Authers Knowledge without prejudice.

Notice to Agent is Notice to principle - Notice to principle is Notice to Agent.

To: Jacqueline Shepherd

From: Scott E. Jackson

Cover PageAuthorization for Use

Jacqueline,

The intent and purpose of this communication is to bring forth to your attention a very serious matter that runs long-line, but directly into the very concerns you are attempting to portray in the March 31, 2024 Notice to the public, in the Anchorage Daily News.

Jacqueline, I hear you, we hear you and want to thank you for what you do. I am one of those whom you speak of in your Notice. As I am fortunate enough to still be alive, at least for now, I am still wound-up tightly in the frantic tentacles of the Department of Corrections (DOC).

In past communications, which are in circulation throughout the DOC system, you have urged those of us whom lay victim, to exhaust our Administrative remedies, to include the filing of grievances. I heard you and followed your recommendations.

Enclosed you will find a short history about myself and the road which has brought me to this day, ... to you. Following that are the documents which give evidence, beyond a reasonable doubt (Facts), that show deliberate, intentional infliction of injury and trespass upon individual liberties by

the DOC and its crew, and their attempts to cover up their afflictions, albeit sloppy attempts, they drive in force their conquerous agendas of taking, without regard for human life or sufferage.

I know there are so many whom can no longer speak out, so many whom don't know how, or are in fear of retaliation and many whom have just lost all hope and given-up.

I cannot. I will speak for myself and those whom cannot. I just need a little help in doing so, but am ready, willing and able - to go the distance for the greater good of the much needed changes in the system -- which seems/operates like a chinese finger-trap, the more you struggle, the tighter and entangled you become. A destructive revolving door meant to destroy lives under the color of law, in the name of commerce.

"Decency, security and liberty alike demand that government officials shall be subjected to the same rules of conduct that are commands to the citizens. In a government of laws, existence of the government will be imperilled if it fails to observe the law scrupulously. Our government is the potent, omnipresent teacher. for good or for ill, it teaches the whole people by its example.

Crime is contagious. If the government becomes a law breaker, it breeds contempt for the law;

it invites every man to become a law unto himself; it invites anarchy.

To declare that in the administration of the criminal law the end justifies the means -- to declare that the government may commit crimes in order to secure the conviction of a private individual -- would bring terrible retribution..." Olmstead v. United States, 277 U.S. 438; 48 S. Ct. 564 (1928) MR. JUSTICE BRANDEIS.

"A body of men, holding themselves accountable to nobody, ought not to be trusted by anybody."
Thomas Paine 1792'

Jacqueline, I give you authorization to use the information herein to your full discretion. I would appreciate your recommendations and feedback.

Thank you again so much for what you do, and all the "white hats" whom still care about true liberty and justice.

Respectfully Submitted,

To: Sgt Gusman (Disciplinary)
Request: well this is what I got back from medical at mail call last night. All I know is I don't need a write up for some stupid shit. When I spoke with you yesterday I am being honest with you. I should of said something when I came in but I didn't think about it. I have been on the sub award program for a long time. And it definitely works it got me off heroin thank God and I started doing that shit back in the 80's any way I don't mean to make you do unnecessary paper work. I am just here to finish my time from 5 1/2 years ago and move on. I just don't need a write up following me to Goose Creek or any were else. Sorry for the inconvenience.

Affidavit

Page 1

I am giving Notice of reservation to Supplement the record as it relates to testimony (affidavits from Dr. Paul Finch & my Son that is my power of Attorney) because I was still in the process of obtaining information that proved that this facility had prior knowledge that BUP was legally in my system (prescribed by a licensed physician) therefore, as was previously determined by DOC. on 1-29-24 see Exhibit A-1 a previous Claim was made by DOC. and then made informational upon being provided evidence that corroborates my testimony that BUP was legally (prescriptively) in my system. See also Exhibit A-2 were my Dr. Paul Finch sent a Fax two Disciplinary Sgt about my Subicade Shots. And Sgt Klin received the Fax. Also we have Exhibit A-3 were Goose Creek Medical Also Received a Fax from Dr. Paul Finch on 3-12-24 or Before 3-12-24 See also Exhibit A-3

Exhibit A-4

A-4 Affidavit: To whom it may concern, I would like to explain a few things that I believe will prove that I am not guilty of a positive U/A well in the custody of DOC. For BUP. I am a recovering Heroin Addict for several years I am on a program on the streets with Dr. Paul Finch that administers Subicade Shots two times once a month. This Subicade Shot is time release. It stays in your system for over a year or more. So any time you take a U/A you will test positive for BUP. I am from Fairbanks well in custody I was asked to provide a random U/A I tested positive.

Exh. A-4.1

Four BUP I told them I was on Sublocade Shots with my Dr. Paul Finch. They verified the information and they gave me an informational write up on my positive UFA Shortly After that I was transferred two Goose Creek two Finnish my time from a crime that was 6 years old. Shortly after this infraction happened. Well at Goose Creek I was sent papers in SMA stating that I fit the criteria for point mackenzie (the farm) I am MIN custody and my points are one. So I was transferred two the Farm on 2-28-24 Before I left Goose Creek intake I was striped searched and given different clothing that DOC provided I was locked in a Holding Cell in intake untill we were chained and hand cuffed and then we were taken from Goose Creek and put on a transfer Bus two point mackenzie (the Farm) Once we Arrived at point mackenzie we were taken off the transfer Bus and taken in side two intake we were then taken two a Seprate Building and Scanned. Then we were taken back two intake and asked two provided a UFA. I told them that I would be having a positive UFA for BUP. Because I am on a Sublocade program from Fairbanks and my Dr Paul Finch Gives me Shots ever month for my Recovery from Herion. I have Been Clean for 3 1/2 years. After they Gave me the UFA and it tested positive for BUP they Hand Cuffed me and put me in a Holding Cell away from the other four people that were

Exh. A-4.3

Transferred with me two point mackenzie. One of the CO's was told to keep a watch on me at all times. Then shortly after that they pulled me out of the Holding Cell and told me they were taking me back two Goose Creek. So they put leg chains on me along with the hand cuffs and paraded me down. Then they took me back two Goose Creek in a transport van two CO's. So as soon as we got back two Goose Creek they put me through the Body Scanner not just once but twice then they put me in a Holding Cell in intake and one of the CO's came up two the Holding Cell and asked me do you need to poop and I told him NO I don't. So I was then taken two Seg and Strip Search one more time and put in two Seg 1 and I remained there from 2-28-24 two 3-5-24.

Exh. A-8

When I was given a copy of my write up well in Seg 1 noticed the (X-Ray) from the farm they said there was a black mass above my penis. But in there several Strip Searches and checking the Holding Cell they had me in were they all so did a Strip Search they never found anything. So well I was in Seg 1 I asked Sgt Kline from Disciplinary and all so P.O. Scarborough two Contact my Dr. Paul Finch also two look in my property for my paper work on Exhibit A-1 about my positive UA in Fairbanks But NO one would move forward on any of my Requests I wrote RFI's two properly Asking for my paper work well in Seg 1 NO response of any kind this whole incident has gone way too far it has been disturbing two not only me

Exh. A-4.31

Scott E Jackson

Page 4

But my family back in Fairbanks, my family in Washington and my Dr. Paul Finch. This whole thing could have been resolved back on 2-28-24 this is not only detrimental to my ankle monitor Application that I have been waiting for two go back home and continue my recovery but also my furlough and my freedom I believe this ^{up} write should be dismissed ~~or~~ ~~of~~ ~~information~~ this is something that has clearly been prescribed to me by my Dr. Paul Finch. For my recovery from Heroin Addiction, I am still waiting on x Ray scans from the 2-28-24 from Goose Creek intake. Also Faxs from my Dr. Paul Finch that were ~~being~~ knowingly sent and received two Goose Creek medical and Sgt Klin (Disciplinary). Exh. B-13

Affidavit

Page 1

The "Intent" and "purpose" of this Affidavit is to document facts and lay out a sequence of events as follows: I was charged with a C-7 write up a positive U/A four B.U.P. Sublocade on February-28-2024. I was prescribed Sublocade by my Doctor Paul Finch from Fairbanks Alaska, I am a Recovering Heroin Addict. I am prescribed Sublocade shots from my Doctor Paul Finch for my Recovery from Heroin Addiction. I have been in the Sublocade program for some time. Sublocade is a shot that you are prescribed from a Doctor that is time release. It can stay in your system up to 36 months, so any time you are asked to provide a U/A you will test positive for BUP. which is Sublocade and also Suboxone. I was transferred to Goose Creek from Fairbanks two Finnish up a sentence from 6 years ago. my custody level is "min". my points are at "one". When I was transferred here to Goose Creek I was asked well in M.S.U. if I would be interested in going to point Mackenzie "the Farm". I said sure when I was transferred to point Mackenzie. They asked me to provide a U/A I told them that I was on Sublocade shots prescribed by my Doctor. But they went ahead and did the U/A and it came up positive for BUP. So they

Exhibit B.1

Strip Searched me and put me in leg Chains and hand Cuffs. And took me back two Goose Creek and Scanned me two more times and Strip Search me again. And then put me in Seg "the Hole" Four 7 Days. Well in Seg I Contacted my Doctor paul finch and my Son who has power of Attorney of all my Affairs. And they Called Goose Creek medical and Sgt Kline Disaplanary they were Hung up on 3 times and the Fourth time they Spoke with Someone in medical and also Disaplanary. my Doctor paul finch faxed my medical Records two medical and Sgt Kline in Disaplanary. About my Sublicade Shers, I have been Requesting my Records from medical and also Sgt Kline from Disaplanary. And nether one of them will give me the Information I have Requested. And I have given them all the proper Information they need from me two Release my medical Records two me from my Doctor paul finch. I was Found Guilty of a C-7 write up from point Mackenzie because of a positive urA four Sublicade and also because Goose Creek would not Release the Information my Doctor faxed two medical and Sgt Kline from Disaplanary. So my Appeal was Denied, I have Continued two Request my medical Records and they Still will not give me my Records. So I have Contacted

Some people from Fairbanks, Marsha Oss the Coordinator for Re-entry program, my Doctor Paul Finch, and also the Head of E.M. offices in Fairbanks. I WAS eligible for Ankle monitor February 23-2024. I put in for Ankle monitor before I was transferred to Goose Creek back in the end of January 2024. So I have been asking the PO's here about my E.M. and no one can give me an answer or even answer my RFI's. I have spoken with P.O. Gilroy, P.O. Ham, I have sent R.F.I.'s to P.O. III Thomson, P.O. IV Cole, P.O. Scarborough, P.O. Rodriguez and every one of them are answer of my eligibility for Ankle monitor and no one has given me a straight answer. So I called in Marsha Oss, Doctor Paul Finch, and the E.M. office from Fairbanks to see if we can get to the bottom of this. This C-T write up should have never happened it should be dismissed. I should have all ready been on my way back to Fairbanks on E.M. Ankle monitor two more forward in my Recovery. This hole thing that has happened could have been prevented. It has put me through stress not only me but my family. I haven't been able to work and provided for my self. This hole thing needs to be dropped and I need to be released to E.M. Ankle monitor back to Fairbanks.

SCOTT E. JACKSON

I Certify under the threat of perjury, the information herein is true and correct to the best of this Author's knowledge, without prejudice.

(AS) (09.63.020 Notary unavailable.)

Page 4

Well I WAS speaking two P.O. Gilroy with R.F.I's and seeing her in person in Golf mod. I stopped her and told her about my C-7 write up and that I Appealed the write up. She told me I don't think you have anything to worry about I believe I saw where they made it informational. And that I will be getting together with you in a few days. I believe it was a few days later I received my Appeal back from point mackenzie and my Appeal was Denied. P.O. Gilroy came into the mod. "Golf mod" a few days later to talk to someone. It was a Thursday just at 5:30 Court. She saw me in my cell. She stopped and told me she had pulled my file. So I told her great so we will talk tomorrow which would have been on Friday. She said no will talk the first of next week. I said are you sure. She said yes. Well that was the last time I saw or heard anything from P.O. Gilroy. I have sent her R.F.I's. She will not respond. So P.O. How is back. I have tried to explain to her with two R.F.I's so far. And stopped her on Tuesday 4-3-2024 in the mod and asked if she received my R.F.I's. She told me she had a stack of them. And give her till the end of the week. Well tomorrow is Friday 4-6-2024 and still NO Response from any P.O's. "Nothing"

employees were within the scope of employment 'if they were foreseeable'. Instead, the statute specifically excludes from certification instances in which state employees were "acting... with willful, reckless, or intentional misconduct or with gross negligence or malice". even if the actions meet the other components of being within the scope of employment.

I Put in RFI two intake at Goose Creek four copies of the two Body Scans, x Rays, that was taken of me on my Return from prior Mckenzie on 2-28-2024 as of 3-17-2024 I have NOT Received any thing from intake.

Put in RFI two Sgt Klin at Goose Creek Requesting the Info he was forced from my Dr. Paul Finch about my Sublicade Shots I WAS Receiving from him. that Sgt Klin Clearly said he Received But as of 3-17-2024 I still have NOT Received any thing.

Put in RFI and ROI two medical Requesting the Info that they Received from my Doctor Paul Finch about my Sublicade Shots But as of 3-17-2024 I still have NOT Received any thing from medical here at Goose Creek.

This Info I am Requesting is very Important to my Being Not Guilty of a C-7 write up here at Goose Creek this was some thing that was Clearly prescribed to me by my Doctor Paul Finch. a medication that stays in your system for over a year or more.

STATE OF ALASKA
DEPARTMENT OF CORRECTIONS

The Director of Institutions decision in this disciplinary matter is a final order. If you wish to file an administrative appeal to the Superior Court, you must file a notice of appeal (and any other documents required by the Alaska Rules of Appellate Procedure) with the Superior Court within 30 days from the date the Director's decision was mailed to you. See Rule 602(a)(2) and 502(a) of the Alaska Rules of Appellate Procedure.

The 30-day period begins to run on the day after the Director's decision was given to you. If the final day of the 30-day period occurs on a weekend or holiday, you have until the first day that it is not a weekend or holiday to file your notice of appeal and related documents. See Appellate Rule 502(a). For example, if the Director's decision was given to you on January 20, 2000, the 30-day period would begin to run the next day, January 21, 2000. The period would expire on February 20, 2000, but because that date falls on a Sunday, and because February 21, 2000 is a holiday, the last day to file your notice of appeal would be February 22, 2000.

The court will not consider your Notice of Appeal "filed" until it actually receives the notice. See appellate Rule 502(d). For example, if you must file your appeal with the court on October 1, 2009, you must take steps to mail it early enough so that the court will receive it by October 1, 2009; mailing it on October 1, 2009 is not sufficient.

Finally, you must serve a copy of the Notice of Appeal and related documents on the opposing party, which in the case of a disciplinary appeal, is the State of Alaska, Department of Corrections. See Appellate Rules 514 and 602(a)(2). You must serve these documents on the Department of Corrections in care of the Commissioner's office at 550 W. 7th Ave Suite 601, Anchorage, Alaska 99501.

To: Superintendent Moore PMLF

Request: I am writing you this request too let you know that I didn't really understand when I was asked if I wanted to appeal my write up on a positive test that I received when I was transferred to the farm from Good Creek I was on Sublocade shots in Fairbanks its part of my Recovery and it stays in your system for over a year I can not do this something in Fairbanks FCC. But they dropped it due to my Sublocade shots. Sublocade also test positive for BUP. I don't need a C-1 write up if I was guilty I would not be asking for this Appeal. But this is something I have been given two from a doctor-paul Fitch from Fairbanks too help me in my Recovery. I use to be addicted two heroin I have been clean for 3 1/2 years I am sorry about the previous misunderstanding But I would like two Appeal this C-1 write up due to my Insurance I am not guilty and I will continue two take Sublocade prescribed by a doctor for my Recovery

Prisoner Signature: *[Signature]*

Thanks And again I am Sorry for miss understanding

Action Taken: I can prove that I am on Sublocade in Fairbanks from a Doctor plus I have Paper work in my property that shows I am on Sublocade and I took two for my property on 2-28-24 and I still have not received it at this time but I found out I am on the property list for 3-14-24 so I can prove I am on Sublocade shots from a doctor-paul Fitch

Sir, IF your intent is to appeal this finding by the Disciplinary Board then you must use the forms

NOTICE of Attempted Informal Resolution

Intentional Infliction
of Emotional Distress!

Request For Interview Form:

SECURITY - White MEDICAL - Yellow
(NOTE: Do not use for medical emergencies!)

Response & Action
Required!

Printed Name:	Scott E Jackson	Institution:	Green Creek Correctional Center		
Offender #:	284883	Mod / Quad:	B06	14 T	Date: 4-28-24
DOB:	1-1961	How long has the problem existed?			

To: Disciplinary Dept. Attn: Kline - I am in receipt of "your" responding to my Request: Appeal to Jeremy Hough, or Director of Institutions. You state a reduction to informational took place, yet no paperwork has ever been produced to me. (They must contain the appropriate wet-ink signatures as well). As I was irreparably injured and wrongfully accused & punished, while all of you had notice, I intend to seek redress. Under the younger-exhaustion doctrine, full exhaustion of remedy must take place. The director of institutions is the final prior to Civil action. Your implication in the action and your "Interception" to attempt passification upon redress further shows intent. CEASE & DESIST! I require a copy of all communications & actions that relate to this matter be provided to me within (3) three days, or I shall add another grievance and file my action with the courts without exhaustion. Also, send my appeal on to director of institutions. FYI - the punishment inflicted did not fit or informational, nor did I agree to the remedy. Respectfully submitted.

Action Taken: Major, or B write-ups, can be appealed to the DOI. High-moderate, or C level write-ups, are done at the institutional level, not DOI. Since you appealed to the Superintendent that is the last course of appeal action. If you want more copies for your hearing/write up paperwork, contact records.

Thursday, May 2, 2024

To Whom It May Concern,

I am writing regarding my patient, Scott Jackson DOB . He has been in my care at North Country Medical for opioid dependence. He received Vivitrol injections on 8/14/17, 9/1/17, 10/27/17 and Sublocade injections on 1/21/21, 4/28/21, 5/28/21, 11/23/22, 12/23/22, 1/24/23, 3/3/23.

Below is an excerpt from the prescribing instructions from the manufacturer package insert:

"2.4 Clinical Supervision

Periodic assessment is necessary to determine effectiveness of the treatment plan and overall patient progress. When evaluating the patient, examine the injection site for signs of infection or evidence of tampering or attempts to remove the depot.

Due to the chronic nature of opioid use disorder, the need for continuing medication-assisted treatment should be re-evaluated periodically. There is no maximum recommended duration of maintenance treatment. For some patients, treatment may continue indefinitely. If considering stopping treatment, the clinical status of the patient should be considered.

If SUBLOCADE is discontinued, its extended-release characteristics should be considered and the patient should be monitored for several months for signs and symptoms of withdrawal and treated appropriately. After steady-state has been achieved (4-6 months), patients discontinuing SUBLOCADE may have detectable plasma and urine levels of buprenorphine for twelve months or longer [see Clinical Pharmacology (12.3)]."

Of course, send out confirmatory quantitative urine testing should correlate with his history of achieving steady plasma state and should correspond with declining urine levels.

Thank you very much for your consideration!

Regards,

Paul Finch, PA-C, MPH

Affidavit

Written by Scott E Jackson

I am writing this Letter to tell you a little bit about myself, And Some of my History. I was born and Raised in Seattle Wash. I Started working Construction my first real Job in 1975. Before that it was just odd Jobs. I got turned on to drugs at an early age. In Seattle Wash back then it was work Hard and party Hard, thats just how it was. AS I got older I had to learn how to live on my own. I Spent most of 1979 thru 1981 fishing on Crab Boats out of Alaska. I got married in 1982 to a woman from Sitka Alaska. We lived in Seattle we had my Son in 1983. I was working as a plumber and I was a Volunteer Fire Fighter for 10 years in Seattle. We decided to move to Alaska so we did and we ended up in Anchorage Alaska. This was back in 1987 we lived in Anchorage for about 8 years. I started to get in to drugs alot while living in Anchorage. It started alot of problems with my family so I put my self in treatment in NUGENTS Ranch in Palmer Alaska. I spent 6 months in treatment and I left my wife. We decided she was going to take my Son with her. to Sitka Alaska she went to school and became a treatment Counselor in Sitka. I myself moved to Fairbanks Alaska. IN 1993 All I had was an old Ford truck and a green duffle Bag with some clothes in it. When I got to Fairbanks I ~~met~~ ^{met} some

Written by Scott E Jackson

people and unflinchingly for me I was right back in the drug scene again. I didn't have a job so the people I was hanging out with they would steal from the stores that's how they would pay for their drugs. So I started to do the same thing and I was going back and forth to jail for theft I would get on different drug programs to try to stop doing drugs. But I ~~keep~~ kept hanging out with the same people. So I never could get away from the drugs. After going back and forth to jail for several years and I kept telling myself I want to get out of this life and do something different. Finally after years of drug addiction and prison. About 7 years ago. I was fighting a case in court for 5 1/2 years they were trying to give me a 11 year sentence. Well fighting this I got on a drug program with my doctor it was Sublocade it's a shot they give you and it's time release it stays in your system up to 36 months. After going back and forth with the courts for 5 1/2 years I finally took a deal for 3 years and 6 months. Well out on bail and ankle monitor for 5 1/2 years after I did a change of plea I turned myself in Dec 6 2023 to serve my time for that case. When I was in Fairbanks Correctional Center back in the end of Dec I was asked to provide a urinalysis and I told them it was going to be positive for BUP from my Sublocade shots. And it came up positive for BUP. So they checked

written by Scott E Jackson

With my Doctor Paul Finch. That is who perscribed the Sublicade Shots two me for my Recovery from Herion and it works I have been Clean four about 3 years now. I was given an informational from Fairbanks Correctional Center on my positive U/A for BUP. Before leaving Fairbanks I put in four "E.M. Ankle monitor" I was transfered two Goose Creek Correctional Center towards the end of January 2024. I came two Goose Creek min Custody with my points at one. Well in intake S.M.U. I WAS Sent a Form saying that I was eligible four point mackenzie "The form" So I filled out the form and turned it in saying yes I would like to go. I figured I could make some money two take care of my self and pay four my E.M. Ankle monitor. So the night march begins February 28-2024 they call me up the night before and tell me I am being transfered two point mackenzie when I got out to intake. that morning I was Strip Searched and Transported two point Mackenzie buy Bus when we Arrived at point mackenzie there was four of us we were taken two a Room and Searched and then we were taken back to the main office and asked to pervied a U/A when I was Called to pervied a U/A I told them that I was going to test positive for BUP. Sublicade because of my Shots from my Doctor and they U/A me and it was positive for BUP. So they Strip Searched me locked me in a Holding Cell

Written by Scott E Jackson

and Had Someone watching me. Then they put me in chains and Hand Cuffs and took me back to Goose Creek and Scanned me two more times and Strip Search me and throw me in the Hole. The Hole time I kept telling everyone this is from my Subicade Shots that are perscribed by my doctor. All you have to do is call him or look at my paper work in my property and you will see the same thing happened in Fairbanks and they called and talked to my doctor Paul Finch and found out I am on Subicade. But no one here at Goose Creek WANTED to do anything about it. I even called my Son well I was in the Hole and he got a hold of my doctor Paul Finch in Fairbanks and they called Goose Creek medical and Disiplinary and spoke with Sgt Kline in Disiplinary and medical and my Doctor also faxed my medical Records to medical and two Sgt Kline in Disiplinary. And they were well aware of my Subicade Shots but they still moved forward with a L-7 write up and 7 Days in sg "Hole" I asked for my Records from my doctor that he had faxed here two Disiplinary and ~~at~~ also from medical and no one here at Goose Creek would give me anything I Requested due to my write up So I put in what I had two Appeal my write up and ever thing I did they denied. I have done ever thing by the policy that they requier and they deny me ever

Written by Scott E Jackson

I Certify under the threat of perjury the information contained herein is true & correct to the best of this Author's knowledge without prejudice.
(AS) (09-63.020 Notary unavailable)

Time I am trying two send my Information to the Director of Institutions and they keep denying me to do that. This has been very Stressful they have cut me off from being able two move forward in ever way. So I am hoping you can read this Info that I have and get it out there So this dose not Continue to happen to others. And also Show the people out there what they are doing in here it is wrong they need two be put on notice. I have proven two them that I was perscribed a medication by a doctor for my Recovery from drug Addiction and they are Covering it up and doing what they want which is wrong. They are putting me and my family through Stress & Distress unfare punishment for Some thing I have not done. Here is all the Exhibits of my Appeal and of All the Information I have put together in this Case. (Last Attempt of Informal Resolution of this matter at Administrative level)

To: Director of Institutions -- Through Disciplinary: 1st, NOTICE to whom
Request: it may concern (in Disciplinary Dept.) -- You are directed to forward
to Director of Institutions -- all data herein -- (relating to appeal 24-002).
The Intent & Purpose of this communication is presentment of facts and Appeal
as it relates to 24-002. I was presumptively found guilty - (upon my protest). My
appeal to Superintendent was denied. Exh. B-15. Sgt Kline told me on 4/25/24 that
I could not appeal to Director of Institutions on an informational when I attempted to
appeal 24-002. Exh. C-2. I have formally requested to review my file but have not
been allowed to do so. Exh. C-9. As you will see from the attached Exhibits -- see
also attached Exhibit Index, your employees are attempting a cover-up & in an
"organized" fashion (RICO), of an egregious Trespass (with indisputable Intent).
Latches do not attach based upon facts in record. Appeal must move forward &
required. (Respectfully Submitted -- in peace Prisoner (Signature: Scott E Jackson)
without Prejudice or Recourse) - Settlor -

To: P.O. Ham

Request: I am writing you this Request due to our conversation we had on 5-22-24. (one is about my Appeal that was denied for a C-7 write up for a positive UA for BUP, which I was prescribed by a doctor from Fairbanks "Sublocade Shots" Doctors Paul Finch) (Sublocade stays in your system up to 36 months.) (Two: Also I talked to you about my Furlough that is coming up June 28/2024 if there is any thing I NEED to do before I come up eligible for my furlough on the 28 of June. And I believe you told me "NO" there is nothing you need to do. If you have any thing please let me NO. I will be going back to Fairbanks.

Thanks For your time

To: P.O. Ham
Request: So Apparently you did not talk to Electronic monitoring in Fairbanks and tell them about my treatment 2.1 outpatient assessment also about completing the Criminal thinking program at the same time as treatment. Because clearly you are going by ~~my~~ the action that was given back in 4/1/2024. So you ~~can~~ can go ahead and start my 30 day verification on my Furlough. Because for one I asked you if there was any thing I needed to do all most a month ago and you said "NO". Two I am not required to do any thing from the Courts. And three I am not going to take a Class and then get Denied EM. And I new this was going to happen, so I have all ready sent Electronic monitoring a letter in Fairbanks. So if you would start my Furlough please. Thank you

Good morning,

I received the attached letter from Mr. Scott Jackson in reference to his EM application. Mr. Jackson's EM application was denied on April 1st, 2024, this letter was sent well outside the 5-day appeal window and (obviously) not through his IPO. Please inform Mr. Jackson that his EM application was denied and an appeal will not be accepted at this time.

Affidavit

5/29/2024

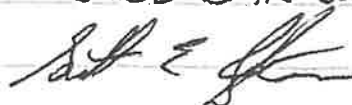

ATT: TO the Head of E.M. ANKLE monitoring

The intent and purpose of this letter is to explain to you a little bit about my self And what I have put my self and others around me through in my drug Addiction in the past 40 years. I am 62 years old and I WAS Once Addicted to Herion, and many other drugs over the years. At Frst I believe I went down this road of Addiction to Fit in as Some people would Say. The people I Choise to Hang out with this is what they did. I have all was been a person that was Showen from a young Boy that I had to work Hard and party Hard. my Father was an Alcoholic and a very hard worker. I got married when I WAS 20 years old, I WAS going in and out of Bars at the age of 18, I WAS married For 15 years and I was in to drugs. I was trying to live to diffrent lives. I WAS a Fire Figher and I worked as a plumber I WAS part of the Community that I lived in, But I WAS Addicted to drugs. Drugs had a hold of my life and I New it And I have tryed Sevral times to beat this Addiction. I have been throw treatments inpatient, outpatient and I have Completed them. I have been on diffrent medications, But I always thought in the back of my mind ya its OK I got this, But the real truth is I was just Fooling my self. untill I Camer to realize that I am an Addict and I all was will be, But there also

is a way to Control it and that is to make Changes in my life which I have already begun to do. Which are the people that I Chose to hang around and the places. I am in a Sublucade program with Doctor paul Finch. I had an drug and Alcohol assasment done on my own this is for me level 2.1 Intensive outpatient which I am looking Forward to getting Started A.S.A.P. also I understand that I have been Asked to Complete a Criminal thinking program. I was Hoping that you would Conclider me to Start my 2.1 Intensive outpatient treatment and also a Criminal thinking Class on Aproved of E.M. ANKle monitor. AS Soon AS I am Aproved For E.M. I will inroll in treatment and Criminal thinking and Complect them. Also I will be inrolled in Re-entry with marsha oss and back on my Sublucade program with Doctor paul Finch. I really want to make this Change in my life work and get Started in my Recovery. I really hope you will give me this Chance to prove to not only you but to my Self that I Can have a better life. And be a perductive person in the Community. And Help others with there Road to recovery.

Thank you and God Bless

Scott Erik Jackson
